**DOSSIER SUBMITTED ON BEHALF OF THE SECRETARY-GENERAL OF
THE INTERNATIONAL SEABED AUTHORITY PURSUANT TO ARTICLE 131
OF THE RULES OF THE TRIBUNAL**

INTRODUCTORY NOTE

THE REQUEST

1. On 6 May 2010, the Council of the International Seabed Authority, at its 161st meeting, decided, in accordance with Article 191 of the United Nations Convention on the Law of the Sea (“the Convention”), to request the Seabed Disputes Chamber of the International Tribunal for the Law of the Sea to render an advisory opinion on legal questions arising within the scope of its activities. The full text of the decision is contained in the document ISBA/16/C/13 and reads as follows:

The Council of the International Seabed Authority,

Considering the fact that developmental activities in the Area have already commenced,

Bearing in mind the exchange of views on legal questions arising within the scope of activities of the Council,

Decides, in accordance with Article 191 of the United Nations Convention on the Law of the Sea (“the Convention”), to request the Seabed Disputes Chamber of the International Tribunal for the Law of the Sea, pursuant to Article 131 of the Rules of the Tribunal, to render an advisory opinion on the following questions:

1. What are the legal responsibilities and obligations of States Parties to the Convention with respect to the sponsorship of activities in the Area in accordance with the Convention, in particular Part XI, and the 1994 Agreement relating to the Implementation of Part XI of the United Nations Convention on the Law of the Sea of 10 December 1982?

2. What is the extent of liability of a State Party for any failure to comply with the provisions of the Convention, in particular Part XI, and the 1994 Agreement, by an entity whom it has sponsored under Article 153, paragraph 2 (b), of the Convention?

3. What are the necessary and appropriate measures that a sponsoring State must take in order to fulfil its responsibility under the Convention, in particular Article 139 and Annex III, and the 1994 Agreement?

FRAMEWORK OF THE DOSSIER

2. This Dossier, submitted pursuant to Order 2010/3 of 18 May 2010 of the President of the Seabed Disputes Chamber of the International Tribunal for the Law of

the Sea and to Article 131 of the Rules of the Tribunal, contains the relevant rules, regulations and procedures of the Authority as well as other documents, decisions and material likely to throw light upon the three legal questions on which the advisory opinion of the Seabed Disputes Chamber of the Tribunal is requested. The documents are numbered sequentially and identified by title and, where appropriate, by official International Seabed Authority symbol.

3. The Dossier is divided into five Parts. Part I includes material relating to the decisions made by the Council at the sixteenth session of the Authority to request the Seabed Disputes Chamber of the Tribunal for an advisory opinion. Part II contains relevant material relating to the legal regime governing activities with respect to polymetallic nodules in the Area. Part III recalls the negotiating history of Article 139, Article 153 and Annex III of the Convention, to which the request for an advisory opinion refers, during the Third United Nations Conference on the Law of the Sea. Part IV recalls the *travaux préparatoires* of the Regulations on Prospecting and Exploration for Polymetallic Nodules in the Area. In light of the views expressed during the consideration by the Council of the Authority of item 7 of its agenda during the sixteenth session, Part V refers not to the specific regime of responsibilities and obligations of States sponsoring persons and entities with respect to activities in the Area as *lex specialis*, but refers to the work of the International Law Commission ('ILC') on the Articles on the Responsibility of States for Internationally Wrongful Acts, and the Draft Articles on the Responsibility of International Organizations.

4. The approach taken to the preparation of the dossier is "comprehensive but relevant". The Dossier provides an overview of all aspects of the responsibilities and obligations of States sponsoring activities in the Area as defined in the Convention and the Agreement relating to the Implementation of Part XI of the United Nations Convention on the Law of the Sea of 10 December 1982.
